

OVERVIEW

During Year 11 pupils will have their mock exam which will give pupils a clear idea of the timeline and expectations of the exam. Pupils will be given three starting points to choose from which they then research and work in the style of a range of artists, using the artists' media and techniques. Pupils will still be working on the four assessment objectives; AO1 – Research, AO2 - Media and Experiments, AO3 - Recording, and AO4 - Personal Response. Once students have explored a range of artists, they will then create their own images. Students will then experiment with a range of different media and compositions. With the guidance of their teacher students will research ideas for a final piece and produce test pieces before creating their final piece. Pupils will also complete their exam in the Spring term.

This project will also develop into the mock exam towards Christmas to ensure pupils understand the processes and procedures expected in the Art exam.
